

PALC

Round tread Polyurethane on Aluminum Core

Features

- High capacity polyurethane tread is chemically and mechanically bonded
- Non-Marking Round tread polyurethane protects floors, helps reduce noise operation
- Capacities up to 1,800lbs.
- Temperature Range: -40°F to +180°F
- Hardness: 80-90 Shore A

Wheel Diameter	Tread Width	Hub Length	Bearing ID	Wheel Bearing	Wheel Number	Load Capacity	Applicable Series
6	2	2-3/16	1/2	Precision Sealed Bearing	PALC-6M5-PBB with top hat	1200	TP6660, TP6660-KPL, TP6661MF, TP7062MF
8	2	2-3/16	1/2	Precision Sealed Bearing	PALC-8M5-PBB with top hat	1800	TP6680, TP6680-KPL, TP6681MF, TP7082MF
